COVID-19 Community Update:

3/16/20 Update:

Due to the recently announced emergency declaration advising statewide closure of non-essential businesses we feel it is in our community's best interest to continue our voluntary closure in order to protect the health of our patients and staff during this critical time. We will evaluate the ongoing public health recommendations in the upcoming weeks to let you know when we will be able to resume operations. Thank you for your patience and understanding, we look forward to continuing to serve our patients as soon as this unprecedented crisis resolves.

3/8/20 Update:

Over the past few weeks we have been closely monitoring our community and public health official's responses to the Coronavirus development in our area. The health and safety of our patients and staff is of the utmost importance to us and we believe it is our responsibility to do what we can to help limit the spread of COVID-19 in our community. Currently local public health authorities have not yet recommended public space closures as a response. But we feel that this is a critical moment in the outbreak, and any meaningful protective measures must be taken proactively and not as a reaction once active cases are detected. Therefore, even though we do not have any concerns of an active exposure within our office's staff and patient population, we have decided to preemptively close our office for one week from 3/9-3/15 in order to protect the health and safety of our patients and staff. This decision was not made lightly as we fully understand this may inconvenience and cause hardship to some of our patients. We hope to be back to normal operations the week of 3/16; however, since this is a changing situation with a high degree of uncertainty, we will make any additional closing decisions as we get closer to the end of the week. We will be available by phone and email during this time so if you have any questions or concerns about your appointment please contact us. On behalf of everyone at Annigan Dental I sincerely apologize for any inconvenience this may cause you and thank you for your understanding and support.
